Exercise - Work with Compute Contexts

20 minutes

Now it's your chance to work with environments and compute targets in Azure Machine Learning.

In this exercise, you will:

- Create and use an environment.
- Create and use a compute target.

Instructions

Follow these instructions to complete the exercise.

1. If you do not already have an Azure subscription, sign up for a free trial at https://azure.microsoft.com .
2. View the exercise repo at https://aka.ms/mslearn-dp100 .
3. If you have not already done so, complete the **Create an Azure Machine Learning workspace** exercise to provision an Azure Machine Learning workspace, create a compute instance, and clone the required files.
4. Complete the **Work with compute** exercise.

Next unit: Knowledge check
